Inclusive engagement, made easy.

# Introducing Participation Plus+

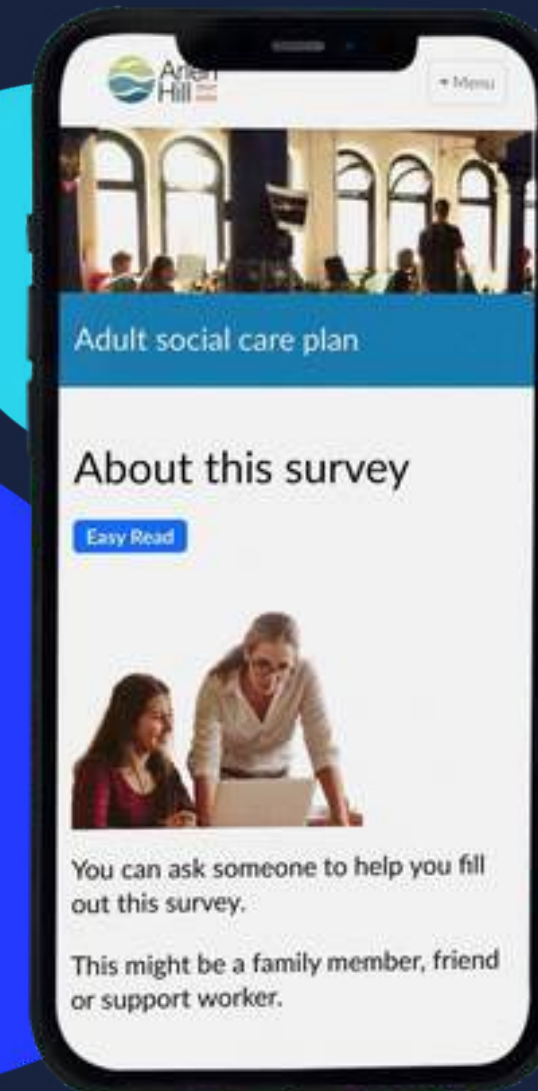

A new add-on to Citizen Space, build around inclusive design.

Two new features.

**One purpose:** helping you reach more of the people you serve.

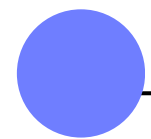

- built-in Speech-to-text functionality
- dedicated Easy Read activity type

Co-designed with specialists.

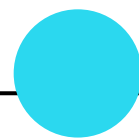

# Delib at a glance

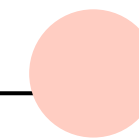

Founded in 2001, we've focused on helping organisations build better relationships with the people they serve through digital tools and online participation.

Citizen Space developed as part of a joint initiative with the UK Government, focussing on removing barriers to participation

Support millions of responses through Citizen Space

Helping organisations design digital experiences that are easier to use and more effective

# Participation Plus+ benefits

Designed  
directly into the  
accessible  
Citizen Space  
platform

Create clearer,  
more supportive,  
and easier to  
complete  
activities

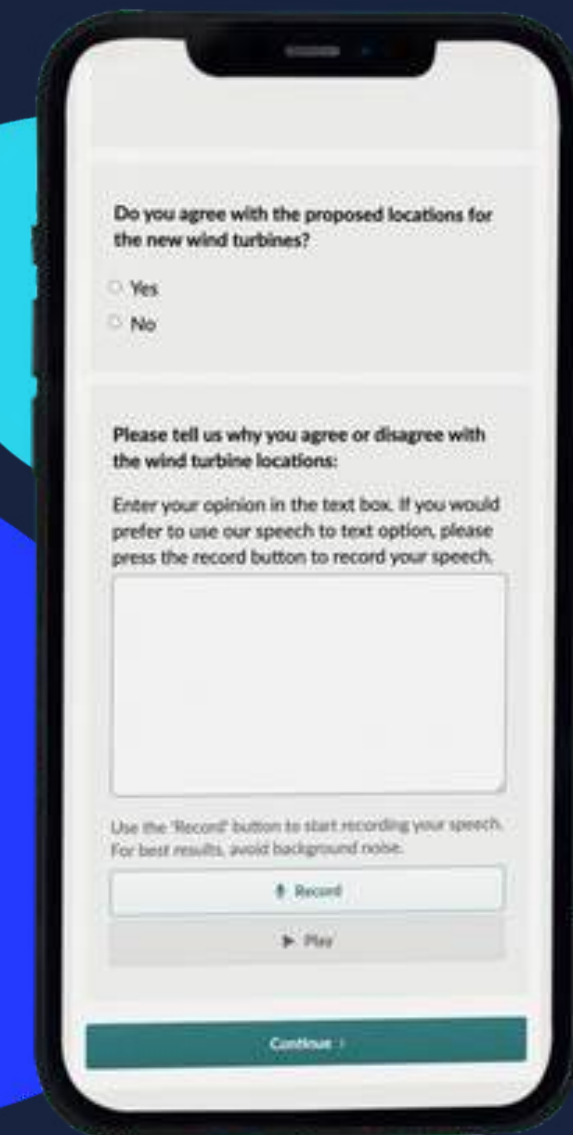

Building stronger  
relationships by  
increasing  
inclusivity and  
participation.

# Participation Plus+: How we got here

Inclusive design is **not** a compliance checkbox.  
It's the difference between technically  
accessible and **actually usable**.

Better **inclusion** means better **data**.  
And better data means better **decisions**.

# Two features of Participation Plus+

## Speech-to-text

- Respondents speak answers
- In-browser processing ensures privacy
- Ability to review and edit
- Data is the same as if typed, so no further data manipulation needed

## Easy Read activity type

- Purpose built activity type
- Clear language with supporting images
- Larger typography
- Easier respondent journey
- Co-designed with specialists
